

Let us maintain your building so you
can grow your business

Commercial Maintenance

WITH RESPONSE CARPENTRY CONSTRUCTIONS

We provide building maintenance for commercial properties so you can be confident your premises are at their best.

Our commercial maintenance team provides preventative and responsive maintenance programs. We have a team of trades ready to get the job done from changing light bulbs to emergency call outs.

what we do

Preventative Maintenance Program

Pre-schedule monthly, bi-monthly or quarterly service calls to ensure your common tasks are completed. This can include:

- Wall / ceiling repairs
- Hanging frames, blinds
- Maintaining door handles / drawers / lights
- Patching and painting walls
- Sign installation / removal
- Gutter / drain cleaning

Responsive Maintenance Services

Our team are here when you need us. If you have an emergency, we can schedule our team to fix the problem asap.

- Ceiling movement / Leaking roof
- Insurance works / reports
- Repair exterior door for security
- Make safe an area while it's assessed
- Emergency same day call outs

building upgrades

As a qualified building and construction company, we can provide services for upgrades to your building including:

- Bathroom & kitchen refurbishments
- Office fit-outs
- Window & door upgrades
